

Searider Miniature Schnauzers

We guarantee our Miniature Schnauzer puppies free of serious inherited diseases barring accidents or injury, for the life of the pup.

All pet puppies are sold on a Non Breeding Agreement unless otherwise agreed.

When puppies go to their new homes their vaccinations and worming schedules are up to date, they have been micro-chipped for identification and have been thoroughly health checked by our Veterinarian.

Feel free to have your own Vet check the puppy within 3 days of bringing it home. If, FOR ANY REASON, the Veterinarian is not happy with the pup we will replace it or refund the purchase price.

All our Miniature Schnauzer puppies leave prepared with the following:

- A health record which includes vaccination certificate
- A trim and bath
- Food and a few toys
- A Puppy Information kit including pedigree, articles on feeding, care, training and general interest.
- Your written purchase contract and guarantee which is signed by both parties.

Our Mission

- To breed happy, healthy Miniature Schnauzers with sound bodies and temperaments.
- To not knowingly breed any hereditary defects/diseases
- To sell quality puppies as family companions.
- Endeavour to give factual unbiased information to people who ask.
- To compete in shows to promote our breed and win or lose in a sportsmanlike manner.
